Southern Gold Limited Research Report

Southern Gold Limited (ASX Code: SAU) has recently commissioned Alpha Securities to prepare a research report on the Company's ongoing exploration activities at its Australian and Cambodian project areas. In particular it details exploration success achieved in 2011 at the Company's flagship gold project, Bulong (WA), and discusses possible development options available for the Cannon Gold Resource.

This research report is available for viewing or downloaded from the Company's Website: www.southerngold.com.au
